

IS YOUR HORSE AT THEIR BEST

PROBLEM

Stress, Diet and Environment can impact your horse's performance by damaging the gastrointestinal (GI) Tract.

Is your Horse Experiencing:

- Diarrhea or Inconsistent Stool
- Anxiety or Poor Behavior
- Allergies
- Lethargy or Low Performance
- Poor Coat or Body Condition

These can all be symptoms of poor digestive health in the (GI) Tract.

WHY IT MATTERS

A Horse's GI Tract is responsible for:

- Absorption of Nutrients
- Fiber Passage and Fermentation
- More than 70% of the Immune System

SOLUTION

Performance Horse Nutrition® has worked to create solutions to help improve digestive health through functional nutrition with a revolutionary new ingredient, **GI Pro³**.

An Exclusive PHN,
PHN Client
probiotic/proteobiotic.

PROVEN

Unfortunately, conventional probiotics are rarely alive when they reach your horse's gut.

GI Pro³ is proven by science and guaranteed to arrive alive in the gut.

- ARRIVES ALIVE
- SAFE FOR ALL LIFE STAGES
- PROVEN BY SCIENCE

to be effective against bad bugs harming your horse.

HOW GI PRO³ WORKS

P U T T I N G T H E P I E C E S T O G E T H E R

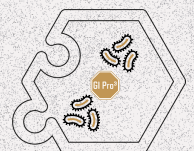

TARGETS

Harmful microbes while **preserving beneficial bacteria** to support your horse's gut health.

DISRUPTS

Communication among **harmful microbes**, reducing their ability to negatively impact the intestinal environment.

SUPPORTS

Intestinal health through proteins with **anti-inflammatory** properties.
